

**REDUEIX I SEPARA ELS RESIDUS!**  
**+ ESTÀ EN LES NOSTRES MANS! +**  
**CALENDARI DE RECOLLIDA SELECTIVA PORTA A PORTA**  
CALENDARI VIGENT A PARTIR DEL 6 DE JUNY DE 2022

The municipality of Alaró in Mallorca is part of the Mancomunitat des Raiguer. The recycling collection of waste is organized together with eight other municipalities: Campanet, Binissalem, Búger, Consell, Mancor de la Vall, Lloseta, Santa Maria del Camí and Selva.

A weekly doorstep recycling collection started more than 15 years ago, in which according to a weekly calendar, each household disposes of 5 different waste fractions (organics, light packaging, glass, paper/cardboard as well as non-recyclable residual waste) on the street in front of its door. There are no garbage containers on the streets. There is the 'Parc Verd' (Household waste recycling centre) where every neighbour can dispose of the majority of household waste. The households, which are outside the urban area, must bring their waste to the 'Parc Verd'.

In year 2017 a pay-as-you-throw system was implemented that applies the polluter-pays principle, where the collection of every residual waste works only with a **RED AUTHORISED BAG** except the diapers collection that works with a **WHITE AUTHORISED BAG**.

This system of collection has allowed to achieve high recycling rate levels and reduce the environmental impacts associated to the waste thanks to the collaboration of all.

#### ***What is the RED AUTHORISED BAG?***

The **RED AUTHORISED BAG** is the only bag allowed to take out the residual waste and therefore discourage not separating properly the waste and therefore reduce the residual waste. By paying the fixed municipal waste tax every household gets a determined number of red authorised bags. If a household generates more residual waste, for the extra bags needed each household has to pay the variable tax. The tax for each extra red authorised bag represents the cost of treatment of an average residual waste bag. The rates are specified in the current waste tax ordinance.

#### ***What is the WHITE AUTHORISED BAG?***

The **WHITE AUTHORISED BAG** is also an authorized bag that the municipality facilitates for free, once need justified and registered, that allows the households to dispose of diapers, nappies, sanitary towels and tampons and pet excrements either at the doorstep the days that the calendar establishes or at the Parc Verd. In some cases, other special sanitary waste can also go in this bag.

## WEEKLY CALENDAR FOR DOORSTEP RECYCLING COLLECTION SCHEME

**REDUEIX I SEPARA ELS RESIDUS!**

**+ ESTÀ EN LES NOSTRES MANS! +**

**CALENDARI DE RECOLLIDA SELECTIVA PORTA A PORTA**

CALENDARI VIGENT A PARTIR DEL 6 DE JUNY DE 2022

MATÍ	DILLUNS	DIMARTS	DIMECRES	DIJOUS	DIVENDRES	DISSABTE	DIUMENGE
 abans de les 9 h		 PAPER I CARTRÓ

REMEMBER! THIS NEW CALENDAR WILL START ON JUNE 6st

## PARC VERD

The Parc Verd or household waste recycling centre is a municipal facility with access control where the public can dispose of special household waste. There are collection points for the following waste streams:

### Household waste:

- ✓ Paper and cardboard ("Paper/Cartró")
- ✓ Glass ("Vidre")
- ✓ Light packaging ("Envasos Lleugers")
- ✓ Organic matter ("Orgànica")
- ✓ Residual waste ("Rebuig"). This can only be accepted in the authorized red bag or with the standardized sticker bought in the facility.
- ✓ Nappies ("Bolquers"). This can only be accepted in the authorized white bag
- ✓ Electrical and electronic devices without CFC (large household appliances, small electrical appliances, computer and telecommunications equipment, electrical appliances, lighting equipment)
- ✓ Electrical appliances with CFC (refrigerators, freezers, air conditioners, etc.)
- ✓ Bulky waste: furniture, mattress, mattress base and similar.
- ✓ Clothes and footwear
- ✓ Scrap iron
- ✓ Green waste from pruning and gardening
- ✓ Alkaline and button batteries

- ✓ Hazardous waste packaging
- ✓ Waste mineral oil
- ✓ Waste vegetable oil
- ✓ Fluorescent lamps, low consumption bulbs, low pressure sodium lamps, high intensity discharge lamps, including pressure sodium lamps and metallic halide lamps
- ✓ Car batteries
- ✓ Small quantities of construction and demolition waste from small-scale works
- ✓ Small quantities of reduced size of waste with asbestos

The municipality can modify the list of accepted waste in accordance with the regulations.

### Location

The Parc Verd of Alaró is in:  
Av. Constitució, 79

### Opening times

Monday to Friday from 7.00 to 10.00h and  
17:00 to 20:00  
Saturday and Sunday from 09.00 to 13.00h.  
Bank holidays closed.

### **Attention! Residual waste and nappies in the authorized bags only!**

If you need further information, please email [mediambient@mancomunitatdesraiguer.net](mailto:mediambient@mancomunitatdesraiguer.net) or call town halls of Alaró 971 510000 or the Mancomunitat des Raiguer 971 87 70 10.

**We thank you in advance for your collaboration to altogether keep improving the separate collection of waste in Alaró.**

## Do you know where everything goes?

### ORGANIC MATTER

In a bag in a bin or hanging

#### YES

Fruit, veggies, meet and fish waste  
 Egg shells, nuts and shellfish  
 Pasta, rice and bread waste  
 Small garden waste (leaves, bouquets, herbs, etc.)  
 Coffee waste and tea bags  
 Kitchen paper and serviettes

#### NO

Liquids (broth, milk, oil)  
 Packaging, aluminium foil  
 Big vegetal wastes or with pesticides  
 Pet excrements  
 Ashes and cigarette butts  
 Dust from brushing or vacuum, ceramic waste or stones

### LIGHT PACKAGING

In a bin or plastic bag

#### YES

Empty plastic packaging (water, drinks, detergent, toiletries, yogurts, etc.).  
 Beverage and food cans  
 Empty tetra packs (milk, juice, etc.)  
 Plastic bags  
 Metal and plastic lids. Aerosols  
 Plastic and foam food trays and aluminium foil

#### NO

Non-empty packaging  
 Toys, plastic furniture  
 CD's  
 Plastic tube or hose  
 Glass

### PAPER/CARTBOARD

In paper bags, cardboard box or in a bundle

#### YES

Newspaper, magazines  
 Books and notebooks  
 Clean folded cardboard  
 Paper sheets  
 Wrapping paper

#### NO

Kitchen paper and serviettes  
 Plasticized paper (from the butcher's, etc.)  
 Paper with oil, paint or food remaining's  
 Aluminium foil or carbon copy  
 Paperclips or staples

### GLASS CONTAINERS

In a reusable bin or box (never in a plastic bag)

#### YES

Glass bottles  
Glass jars

#### NO

Lids, caps or corks  
Ceramic pieces, mirrors or flat glass  
Light bulbs or fluorescents  
Plates, drinking- glasses, wine glasses

### RESIDUAL WASTE

In the authorised red bag

#### YES

Brushing dust and vacuum bags  
Dirty paper  
Plates, drinking- glasses, wine glasses  
Ceramic pieces, mirrors or flat glass  
Ashes and cigarette butts  
Hygiene residues (sanitary towels, nappies, tampons)  
Pet excrement's

#### NO

Any recyclable residue  
Waste that need special treatment: batteries, construction waste, containers of dangerous products, medicines, waste cooking oil

### NAPPIES OR DIAPERS

In the authorized white bag

#### YES

Hygiene residues (sanitary towels, nappies, tampons)  
Pet excrements of registered dogs or cats
